LOCAL PAVING INSTALLER RECOGNISED AT NATIONAL AWARDS

Sevenoaks-based paving installer, M&S Paving, is celebrating today after being recognised for the outstanding quality of its work at a national awards ceremony.

The company won the prestigious *Newcomer of the Year 2015* at the Brett Approved Installer Awards, a high-status showcase designed to acknowledge the best paving installers in the industry - organised by paving materials manufacturer and supplier Brett Landscaping. Now in its ninth year, the Awards are open to all new and established Brett Approved Installers nationwide who submit their portfolios for scrutiny by an independent judging panel of landscaping specialists.

Daniel Salt, of M&S Paving, was presented with the award at a ceremony held at the Oxford Belfry on Friday 12th February 2016.

With over 470 entries, the judges saw exceptional examples of the high-quality work achieved by new Brett Approved Installers across the UK. However, the quality and skill M&S Paving truly shone through.

Commenting on their success, Daniel Salt said: "It's fantastic to be recognised by our peers and being acknowledged in this way is testament to our team's exceptional standard of work, attention to detail, and design skill.

"We value the accolade greatly, and feel that being recognised by Brett Landscaping will add to our integrity and help further our business's growth."

Alastair Forbes, Managing Director of Brett Landscaping, highlighted the advantages of the Brett Approved Installer scheme, saying, "Brett Landscaping has become renowned for its high-quality paving products. By matching those high standards with installation services delivered by true professionals we can, together, achieve the very best results and ensure customer satisfaction.

“For this reason, we want to honour our installation partners across the UK for the outstanding work they perform. In doing so, we are recognising the essential service they provide to our industry, and awarding companies such as M&S Paving with the acclaim they deserve. We hope this most recent accolade serves to bring them further success throughout 2016.”

Ends

Notes To Editors

Brett Landscaping is part of the Brett Group, one of the UK's leading independent manufacturers of construction and landscaping materials. The company specialises in the manufacture and supply of high quality hard landscaping products for both the domestic and commercial sectors.

All Brett Landscaping products are supported by a comprehensive customer service package, designed to suit requirements as diverse as builders merchants to architects, local authorities to contractors and engineers through to homeowners.

Ongoing investment from Brett Landscaping enables it to remain at the forefront of the industry in terms of ensuring that its products and operations minimise their impact on the environment and are sustainable.
