KNOW YOUR NEIGHBOURS

Hello Everybody,

We held our second 'virtual' 100 Club Draw this morning, but the prizes are real! This month we are playing with 58 numbers.

Our winners for May are:-

1st prize no 59 M.Sutton £96.50
2nd prize no 11 E Gilchrist £48.50

Congratulations to them. As always, we do have room for more members of the 100 Club, so please let me know if you would like a joining letter..

I know everybody is looking out for each other at this time, - this is indeed, one of the better things to have come out of this situation. However, if you are in need, or are aware of anybody who may be needing assistance, and is unable to access anything, please let us know by emailing me at this address and we will do all we can to get the help that may be required.

Stay safe, keep connected as well as you can, and keep moving!

COUNTRY MATTERS

"June is the Gateway to Summer" - Jean Hersey

It's the time of the long days and short nights with the summer solstice falling on 20th June.

Due to the pandemic and 'lock down' we have had more time on our hands to notice what is going on in the natural world and witness significant changes in the way some species of wildlife are behaving.

Hedgehogs were already thought to be on a slight increase in urban areas (Don't hold your breath!) and other mammals too like the fox, the badger and the deer are also venturing deeper into towns and cities. These animals have been quick to notice that the usual hustle and bustle created by humans has lessened and the new found peace has been irresistible to them. There are fewer people about, less traffic and therefore less road kill.

What will happen though when life returns to normal? Will the animals be caught out, especially the young ones? Will we continue to allow animals to share more space more generously with us. Time will tell, we must allow ourselves time to notice. As a result of recent events many people will have had the challenge of home educating their

children until schools re-open, here the natural world comes to the rescue by offering great projects such as perhaps designing the the perfect wildlife sanctuary, give your pupils a hypothetical blank canvas and see what they can suggest to give our creatures a safe place in which to flourish. They could even make a mini garden.

In addition pressing flowers for cards, learning bird songs, photographing and drawing finds are an immersion into nature that we all need right now.

This month you may notice that bird song is starting to fade a little. In fact the cuckoo and nightingale have stopped singing. Look out for one of my favourites - the slow worm. They are found in gardens, hedgerows and meadow land and they like conditions to be warm and damp. Although nocturnal, you will often see them sunbathing on rocks. Slow worms are often mistaken for snakes. In fact they are legless lizards and completely harmless. The males is a pale brown and the female brown with stripes down her sides. Unlike snakes they

have eyelids. If they feel threatened they can release their tail, a stumpier version then grows.

Too many slow worms, like foxes and toads, fall victim to the dreaded spade, lawn mower and strimmer. They are very vulnerable creatures so be careful not to hurt them when you are gardening. They are a gardeners best friend as they eat slugs, snails and other invertebrates. If kept safe they can live for 20+ years.

I hope you enjoy this lovely month and get to know more of the real and natural world in which we are a part."What is this life, if full of care. We have no time to stand and stare?" - William Henry Davies

FRESH
QUALITY
LOCAL FOOD

Shipbourne 'On-line Drive Thru' Farmers Market : June

After re-inventing ourselves we are now getting quite used to being an 'On Line Drive Thru' Market. Customers, Producers and ourselves have settled into a routine. The key to our success is our volunteers. Jenny (who will help you with on line ordering 078805772080), one family team, led by the Chairman of our Parish Council, sorts the Orders another team loads them into the boots of our passing customers. Others enable us to offer free deliveries for the elderly and self isolating and our logistics experts, Peter and Ben sort out any problems !! In fact we have now got the whole thing down to such a fine art that we are able to sort over 100 cars in 90 minutes !! The concept of selling in 'boxes' has caught on. Annabelle has her 'Breakfast Box', 'BBQ Box', 'Pie Box' and 'Lamb Box'. Similarly, Carla has created a Cheese selection which has been much appreciated and 'Seasons by Nature have brought out a 'Fruit Box and a 'Salad box' to complement their 'Vegetable boxes'. However, as a sign of the times, one of our most successful lines is Eckley Farm's Whole meal flour, a strong flour perfect for bread making.

As for the Covid19 we are not out of the wood yet and we have a supply of Hand Sanitiser made by the Greensand Distillery (as well as their gin).

Asparagus and rhubarb herald the start of the new year harvest period after the hungry gap of March and April. New Park (Asparagus) Farm have brought their magnificent asparagus, grown on light sandy soil near Groombridge. In June This

will be followed by the first of our soft fruit, strawberries, when we will welcome Stonepitts Farm with their array of different strawberries.

On the fish front it's really has to be mackerel - bought silvery fresh from the market and cooked the same day to enjoy at its very best. Try it the traditional way for the month - grilled and served with a tart gooseberry sauce.

As for a long drink you can't beat Greensand gin, plenty of ice and a good tonic. Or how about Hildenbrough's Brewery flavoursome beers. For a celebration or simply an excuse for a fizz try Sanden Sparkling wine. Fill your basket with locally made cheeses, pates, maybe a raised pie or Scotch egg, some chutney or relish and have a picnic in your garden.

GREEN SUMMER RISOTTO

Taken from The Busy Mum's Vegetarian Cookbook by Mary Gwynn

Prepare: 15 mins/Cook: 25 mins/Serves 4

- 6450g seasonal vegetables (e.g. small courgettes, peas, green beans, broad beans and asparagus tips)
 - 2 tbsp olive oil
 - 2 shallots, finely chopped and 2 cloves garlic, finely chopped
 - 350g arborio risotto rice
 - about 1.5 litres simmering vegetable stock from a cube plus 100ml dry white wine
 - 50g butter
 - 50g fresh mixed herbs, such as flat-leaf parsley, basil, chives, tarragon, dill or chervil, finely chopped
 - 50g freshly grated Parmesan salt and freshly ground black pepper
1. Cook the vegetables in simmering water for 2 - 3 minutes until almost tender. Drain and plunge into iced water to cool. Heat the oil in a heavy-based saucepan, add shallots and garlic and cook for about 3 minutes until softened. Add the rice and stir to coat in the oil.

2. Add a ladleful of stock and the white wine and simmer until the liquid is absorbed, stirring constantly. Continue adding stock, a few tablespoons at a time, stirring frequently, until all the stock is absorbed and the rice is tender and creamy but still with a slight bite. This should take about 20 minutes

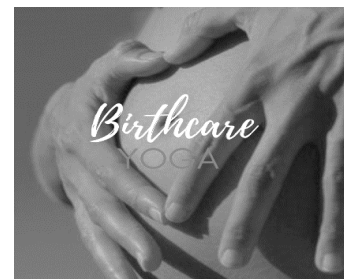

3. While the rice is cooking, place the butter in a blender or food processor with the herbs and seasoning and process until well blended together. When the rice is tender, add the vegetables and cook for another minute or two to heat through. Stir in the herb butter and Parmesan cheese and adjust the seasoning. Serve immediately
